

Internal Safety Days (April 2015)

“Kevin, firstly, the safety days were extremely well received so thank you, a real “light bulb” moment for everyone and complimented our development program brilliantly, Tim Marsh as always, was fantastic and the feedback we had from his sessions were inspiring.

Nigel Girling was great, a real insight into his discipline presented with great humour whilst making some serious points and someone we could listen to all day.

I spoke to Tim at length over the 2 days about how your organisation could help us further going forward and I’m looking at bringing both Tim and Nigel into our senior seminar and I’m also aiming at getting Tim an Audience with our CEO, Geoff Spencer, I’ll confirm details for that next week when he’s back off annual leave.

Rod Knox, well, what can I say - a real “force of nature” and perfect for the bagpuss hour straight after lunch, everyone thought he made great points (not making assumptions) delivered in such an energetic and engaging way.

Great work again from RyderMarsh OCAID!”

Lee Bayliss, Business Manager
