

Behavioural Safety in the transport industry

RyderMarsh OCAID Limited, international behavioural safety experts, are working with *Knowles Transport* after a successful and significant on-going programme with British Sugar.

As part of the programme British Sugar demonstrated its partnership working by inviting some contractors on to *RyderMarsh OCAID Safety Leadership Courses* along with their own personnel.

Three of those partners have since engaged with *RyderMarsh OCAID* separately including *Knowles* and *Suttons* in the transport sector.

Suttons have since won the British Sugar award for **best performing contractor** and *Knowles*, once they have finished implementing ISO 18001 with *RyderMarsh OCAID's* help, will look to engage with *RyderMarsh OCAID* to further improve their awareness and leadership around HSE.

RyderMarsh OCAID Services include;

- Safety Culture Assessment
- Safety Leadership
- Human Factors/ Ergonomics
- Incident Investigation
- Wellbeing
- Employee Engagement
- Sustainability & Environment
- Risk Management
